Geomorphology 18 (1996/97) 353–354

GEOMORPHOLOGY

Contents Volume 18, 1996/97

Vol. 18, No. 1

Preface 1
Palaeochannels on the North China Plain: types and distributions
Wu Chen, Xu Qinghai, Zhang Xiuqing and Ma Yonghong 5
Palaeochannels on the North China Plain: stage division and palaeoenvironments
Xu Qinghai, Wu Chen, Zhu Xuanqing and Yang Xiaolian 15
Palaeochannels on the North China Plain: relationships between their development and tectonics
Xu Qinghai, Wu Chen, Yang Xiaolian and Zhang Ningjia 27
Palaeochannels on the North China Plain: palaeoriver geomorphology
Wu Chen, Xu Qinghai, Ma Yonghong and Zhang Xiuqing 37
Compiling the map of shallow-buried palaeochannels on the North China Plain
Wu Chen, Zhu Xuanqing, He Naihua and Ma Yonghong 47

Newsletter of the International Association of Geomorphologists 53

Announcement 57

Acknowledgement 59

Vol. 18, No. 2

Research Papers
Erosion rates in badland areas recorded by collectors, erosion pins and profilometer techniques (Ebro Basin, NE-Spain)
J. Sirvent, G. Desir, M. Gutierrez, C. Sancho and G. Benito 61
The influence of slope angle on sediment, water and seed losses on badland landscapes
A. Cerdà and P. García-Fayos 77
River-derived slackwater sediments in caves along Cheat River, West Virginia
G.S. Springer and J.S. Kite 91
The development of small-scale sandy alluvial fans at the base of a modern coastal cliff: process, observations and implications
C. Moreno and M.J. Romero-Segura 101
Large alluvial fans in the north-central Po Plain (Northern Italy)
F. Guzzetti, M. Marchetti and P. Reichenbach 119
Gypsum karstification in the Middle Miocene Fatha Formation, Mosul area, northern Iraq
S.Z. Jassim, A.S. Jibril and N.M.S. Numan 137
Genesis of channel bank overhangs in the Niger Delta and analysis of mechanisms of failure
T.K.S. Abam 151

Newsletter of the International Association of Geomorphologists 165

Vol. 18, Nos. 3–4

Research Papers

Geomorphological indicators for environmental impact assessment: consumable and non-consumable geomorphological resources
V. Rivas, K. Rix, E. Francés, A. Cendrero and D. Brunsden 169

Patterns of rock fragment cover generated by tillage erosion
J. Poesen, B. van Wesemael, G. Govers, J. Martinez-Fernandez, P. Desmet, K. Vandaele, T. Quine and G. Degraer 183

Aligned buoyant highs, across-trench deformation, clustered volcanoes, and deep earthquakes are not aligned with plate-tectonic theory
N.C. Smoot 199

The Darwin Rise demise: the western Pacific guyot heights trace the trans-Pacific Mendocino fracture zone
N.C. Smoot and R.E. King 223

Vegetation and channel variation; a case study of four small streams in southeastern Australia
H.Q. Huang and G.C. Nanson 237

Non-synchronous response of adjacent floodplain systems to Holocene environmental change
M.P. Taylor and J. Lewin 251

Spatial patterns of historical overbank sedimentation and floodplain evolution, Blue River, Wisconsin
S.A. Lecce 265

Influences of channelization on discharge of suspended sediment and wetland vegetation in Kushiro Marsh, northern Japan
F. Nakamura, T. Sudo, S. Kameyama and M. Jitsu 279

Geomorphic responses of lower Bega River to catchment disturbance, 1851–1926
A.P. Brooks and G.J. Brierley 291

The Goodlett–Denny mound: a glimpse at 45 years of Pennsylvania treethrow mound evolution with implications for mass wasting
T.W. Small 305

The provenance of beach sediments on Rhodes, southeastern Greece, indicated by sediment texture, composition and roundness
M. Pyökäri 315

Wind tunnel evaluation of a wedge-shaped aeolian sediment trap
W.G. Nickling and C. McKenna Neuman 333

Book Reviews 347
